

# BATH

Left: Fresh products offer gentle solutions for skin care. Rose Marigold Floral Water is made with pure herbal and floral ingredients, and Cannabis Rose Bath and Shower Gel hydrates with natural oils. A centuries-old formula of botanical waxes and oils makes Crème Ancienne a balm for dry skin, and the velvety body cream in Cannabis Rose imparts a lush fragrance.

Left: Every Terralina product is at least 98 percent natural. Chamomile and aloe make the Facial Toner soothing, while olive oil and shea butter lend richness to the Facial Moisturizer. Antioxidant white tea is a key ingredient in the Facial Cleanser. The Body Lotion is restorative with barley and sandalwood.

Below: The scent of Fresh Coriander and Lavender Soap brings to mind an afternoon in Provence. The hand-milled formula of vegetable glycerin and shea butter nourishes skin. In a formula dating from the Ming Dynasty, wild turmeric, red sage, licorice, and ginger blend to create Wei East China Herbal Hand & Body Perfection.

Above: The name says it all—Bliss spa products are sublime. Exfoliate with silky Lemon and Sage Body Scrub before a soak in the tub. After your bath, savor the citrusy scent of Lemon and Sage Body Butter, which contains emollient plant oils. Super Minty Soap'n Scrub energizes with peppermint oil, and Minty Moisture Milk contains wheat proteins and lactic acid to firm and even skin.
